FEEDBACK 2023-2024

- ❖ Students
- ❖ Teachers
- ❖ Non-Teaching
- ❖ Alumni
- ❖ Parents
- ❖ Employers

Students: The students are the most significant stakeholders in higher education institutions. Students' interest and participation at all levels are critical to preserving both the institution's internal and external quality. To ensure quality, our college implemented an online feedback system established by IQAC and received 3187 comments from undergraduate and graduate students. The input we received on curriculum and teaching and learning environments enables us to take the necessary actions to improve our college's quality systems.

Faculties: The College, which is affiliated with Manonmaniam Sundaranar University in Tirunelveli, adheres to the prescribed curriculum. However, teachers provide feedback on suggestions for improving the syllabus and facilities, and because many senior staff members serve on our university's Board of Members, actions are taken to improve the curriculum to ensure quality education..

Non-Faculties: The feedback from the non-teaching staff is collected on the facilities and working environment and analysed. Based on the suggestions, actions have been taken for improving the supporting environment.

Parents: The feedback from the parents is collected on the facilities and overall performance of the college in various programmes and analysed. We have received feedback from 123 Parents on the overall performance of the college. Based on the suggestions, actions have been taken.

Alumni: Our alumni are valuable for us. They provide us the inputs regarding improvement in facilities and employability of our students. We appeal our alumni to provide their sincere feedback on curriculum and the facilities of our college. We have received feedback from more Alumnae. Based on the comments of the alumni, the improvements have been done.

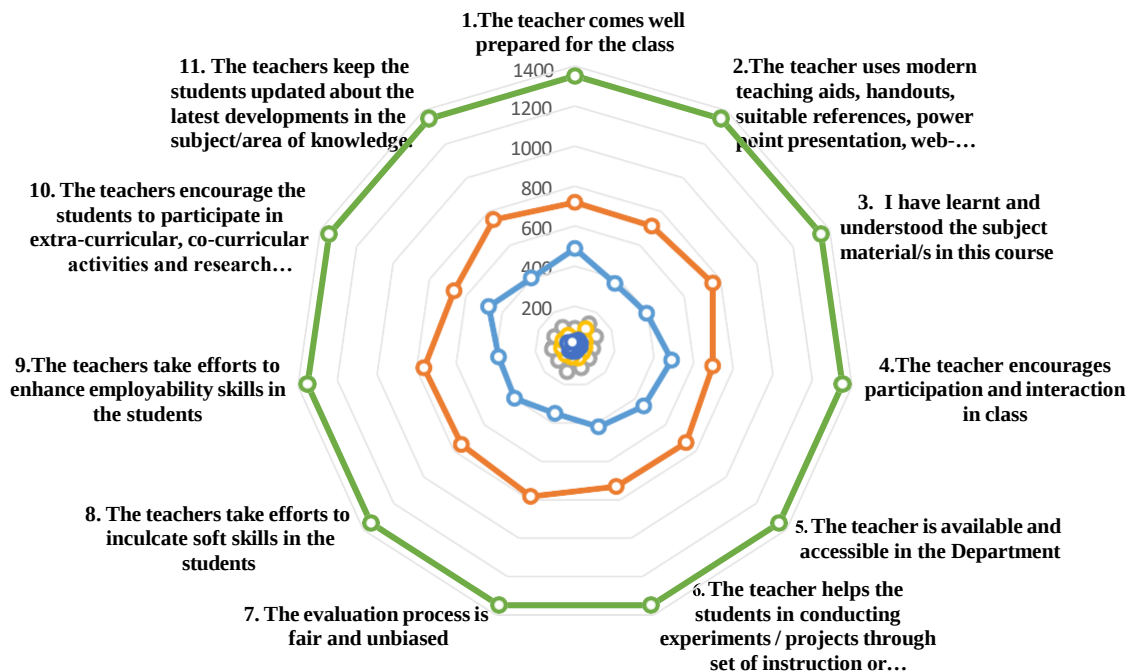

Employers:

For us, our employers are essential. They give us suggestions on how to make our curriculum better and our students more employable. We request our employers to offer their honest opinions regarding our students' quality and curriculum. The enhancements have been made in response to employers' feedback.

STUDENTS FEEDBACK -AIDED

Total Response -1353

Strongly Agree Agree Neither Agree nor Disagree Disagree Strongly Disagree Total

Analysis:

As a whole, the responses from the students are 95% in a positive way. Only 5% of the students submitted their responses to improve

The teacher comes well prepared for the class
